

## RUE AMOR DIAMONDS FROM BABINGTON

**Antonio Amoroso**

“Diamonds from Babington” is the second book of the Rue Amor trilogy. The novel deals not only with the “classical” idea of love, but also with the idealist, childlike, fairy-tale notion of love, that is just as powerful and intense. It shows what one is willing to do, what sacrifices one is willing to make, in order to love freely. It explains which qualities are needed to ensure that love triumphs: determination, strength, endurance, patience.

Another great fairy-tale for kids and adults, with Ben as the protagonist.

**NOTES - Already published in Italy - RUE AMOR TRILOGY**

**ANTONIO AMORUSO**

Antonio Amoroso makes an error of youth: he majors in Engineering. This wretched deed will draw him away from his passions for years: writing and composing music. For two decades, misguided by his degree, he works for companies that don't need his creativity. He survives, becomes a freelancer, and gives birth to the most extraordinary character that a human mind has ever produced: Ben. He writes novels and theater scripts. He is the author of the successful trilogy “Rue Amor” with “Ready for mail”, “Diamonds from Babington” and “While we wait for Alysia”.
